Tips for Successful Parent Teacher Conferences

Parent/Teacher Conferences are coming!

Here are some helpful tips so that you can be prepared

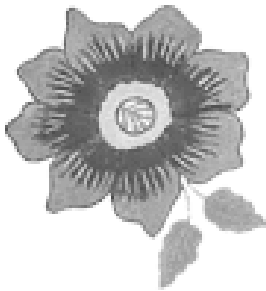

Before the Conference

- Talk to your child and ask about their teacher and classmates. What is school like for them?
- Bring a list of concerns with you to the conference

At the Conference

- Keep an open mind to the teachers ideas and concerns. It is important for you to know where your child is struggling academically.
- Work with the teacher to determine goals and expectations.
- Take notes so that you can discuss the conference later with your son or daughter.

Parents make the difference!

After the Conference

- Discuss the conference with your child and express your expectations as a parent.
- If there were concerns brought up at the conference, keep in contact with the teacher and schedule a follow up meeting to discuss your child's progress.
